Unifor to begin talks with Aeroplan

Last week the Unifor bargaining committee met in Vancouver to discuss final strategies prior to the commencement of bargaining with Aeroplan.

“This past year has been a difficult time for our members, filled with much uncertainty in the face of layoffs and an ever-changing industry,” said Cheryl Robinson, President of Unifor local 2002. “The way employees work day-to-day looks very different than it did many years ago, but we are committed to maintaining current job functions and opportunities for the future.”

Unifor local 2002 represents more than 500 members at Aeroplan in Montreal and Vancouver. These members book airline rewards for customers, answer customer service questions related to online bookings and support customers with online transactions.

Earlier this year, Unifor members at Aeroplan completed bargaining surveys and attended important proposal meetings; an integral component of the bargaining process as it provides the committee a clear mandate and direction going into negotiations.

Bargaining officially begins on October 14 in Montreal where Unifor and Aeroplan will exchange proposals.

The current collective agreement between Unifor and Aeroplan expires November 14, 2015.
