Bargaining news for Unifor 2002 members at the GTAA

GTAA Bargaining is Progressing well - Update for May 17, 2019

Your Bargaining Committee and the Company continued face-to-face discussions from May 13-17, 2019. We would like to inform the membership that we have made great progress. We can report that we have worked through the majority of the non-monetary proposals for the General and Skill Trade workers.

Next week, both parties will meet again and will begin working on the monetary proposals. As our membership has indicated through the bargaining surveys and proposal meetings the number one monetary item for our members is the pension plan. We appreciate the trust that you have placed in your Bargaining Committee and look forward to bargaining the best collective agreement possible for all GTAA members.
